**RE: COVID-19 Update Glen Communications**

Dear Residents and Family Members,

We are informing you of an update on The Glen's COVID-19 community status. The Glen learned today, October 9, of two contract workers in Village Health Care who have tested positive for coronavirus. The first contract worker was a nurse practitioner and the second was a licensed practical nurse in the Magnolia and Iris houses. Both the contracted workers have been quarantined off campus.

The Glen is continuing to mitigate the risks of COVID-19 by performing these tasks:

- CDC recommended screening of all who enter
- Restriction of inside visitation during facility outbreak testing
- Universal use of face masks for all personnel
- Ongoing environmental sanitation with EPA approved disinfectants
- Ongoing surveillance testing of residents and staff members in Village Health Care
- Use of recommended isolation protocols in Village Health Care households with exposure to a positive resident or staff member in the last 14 days
- COVID-19 positive residents are transferred from the facility to an acute care location for isolation.
- Quarantine of COVID-19 positive staff to home

The Glen's COVID-19 communications and updates are posted on our website at **[theglen.org/resources-for-the-coronavirus](https://theglen.org/resources-for-the-coronavirus)**. For additional questions, contact The Glen at 318-798-3500.

Sincerely,

A handwritten signature in cursive script that reads "Debra Williams".
