RE: COVID-19 Update Glen Communications

Dear Residents and Family Members,

We are informing you of an update on The Glen's COVID-19 community status. The Glen learned of two residents in Pelican House in Village Health Care and two staff members who have all tested positive for coronavirus. One of the staff members works in Pelican House in Village Health Care, and the other staff member has responsibilities in The Stiles Apartments, The Cottages, and Village Health Care. The residents are being quarantined in an isolated unit located in Village Health Care, and the staff members are being quarantined off campus.

Visitors who have had close contact exposure to a person with COVID-19 in the past 14 days or guests with symptoms of COVID-19 should not visit until they have completed a quarantine period of a minimum of 10 days from exposure or onset of symptoms. The Glen is continuing to mitigate the risks of COVID-19 by performing these tasks:

- CDC recommended screening of all who enter.
- Universal use of face masks for all personnel and other PPE as required.
- Ongoing environmental sanitation with EPA approved disinfectants.
- Use of recommended testing and isolation protocols upon close contact exposure in the last 14 days.
- COVID-19 positive residents are isolated following CDC guidance.
- Quarantine of COVID-19 positive staff to home.

The Glen's COVID-19 communications and updates are posted on our website at theglen.org/resources-for-the-coronavirus. For additional questions, contact The Glen at 318-798-3500.

Sincerely,

A handwritten signature in cursive script that reads "Debra Williams".
