RE: COVID-19 Update Glen Communications

Dear Residents and Family Members,

We are informing you of an update on The Glen's COVID-19 community status. The Glen learned of five residents and three employees, all located in the Iris House in Village Health Care, who have tested positive for coronavirus. In addition, two employees who have had no resident contact have also tested positive for coronavirus. The residents and employees are all quarantining off campus.

Visitors who have had close contact exposure to a person with COVID-19 in the past 14 days or guests with symptoms of COVID-19 should not visit until they have completed a quarantine period of a minimum of 10 days from exposure or onset of symptoms. The Glen is continuing to mitigate the risks of COVID-19 by performing these tasks:

- Universal use of face masks for all personnel and other PPE as required in Village Health Care and Stiles Apartments.
- Ongoing environmental sanitation with EPA approved disinfectants.
- Use of recommended testing and isolation protocols upon close contact exposure.
- COVID-19 positive residents are isolated following CDC guidance.
- Quarantine of COVID-19 positive staff to home.

The Glen's COVID-19 communications and updates are posted on our website at theglen.org/resources-for-the-coronavirus. For additional questions, contact The Glen at 318-798-3500.

Sincerely,

A handwritten signature in cursive script that reads "Debra Williams".
